Ref: Case No.: 1:12-cr-00302-ER-1 (Correct inaccurate information in my criminal history)

On December 5th 2012 I was arrested and indicted for an illegal commodity export to the People's Republic of China. My indictment was specific to China only; there were no charges with respect to ANY other country in the indictment.

On November 26, 2013 I was convicted for that unlawful export of carbon fiber to China and was sentenced to three months of imprisonment, three years of supervised release, a \$300 assessment and a \$5,000 criminal fine.

US Clerk of Court, I respectfully request that you please retract any and all "Iran Watch" information that has been incorrectly disseminated against my name and which continues to be pulled up on a Google search. Neither the country of Iran nor the two individuals arrested on separate export charges on 12/5/12 are mentioned in my sentencing proceedings. I ask that you please submit a written confirmation of your response within thirty (30) days.

Kind regards,

Peter Gromacki
